

Mako M2-150TB

For 50-225mm pipes

A compact trailer water jetter designed to enhance efficiency in domestic plumbing tasks.

Trailer-mounted Jetting Systems are the perfect solution if you work in rural areas or if you need to share a jetter between different vehicles.

FEATURES

- Honda V-twin powered 23LPM-5000PSI jetting system with Udor pump
- 2 x large hose reels fitted with 60m 5/16" Armorflex jetting hose and 26m 3/4" ID water feed hose
- Large inbuilt 200L poly water tank with low water kill switch
- Fully self-sufficient, making it quick to swap from vehicles
- Aluminium tool box for storage of water jetter accessories and CCTV inspection equipment
- Weatherhood and worklights
